

BC Cancer Foundation

Partners in Discovery - Your Dollars at Work

The BC Cancer Foundation is an independent charitable organization that raises and stewards resources to support breakthrough research and enhancements to patient care at the BC Cancer Agency.

Through the generosity of our donors, the BC Cancer Foundation raised total revenues of \$32.7 million from April 1, 2009 to March 31, 2010. This represents a 16% increase over the \$28.3 million raised last fiscal year.

As a result of these fundraising efforts \$18.3 million was made available for current and future support to the BC Cancer Agency, a 30% increase over the prior year's amount of \$14.1 million.

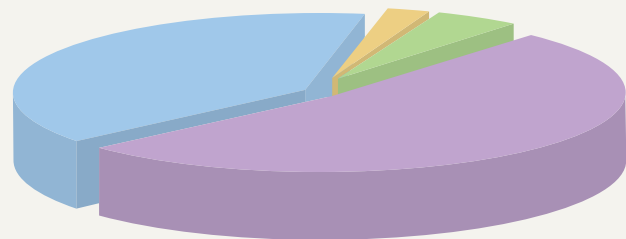

The BC Cancer Foundation continues to fund more cancer research in B.C. than any other charitable organization. In the last year, the BC Cancer Agency has announced major research breakthroughs in ovarian, breast and lymphoid cancers. These discoveries were published in leading international cancer and scientific journals and widely acknowledged in the global scientific community.
